

EEI Proposal No. 9146
July 14, 2017

Mr. Matt Cavanaugh
Anchorage, AK

SUBJECT: Proposal – Boundary Survey
Lot Corner Staking
Anchorage, AK

Dear Mr. Cavanaugh,

Enterprise Engineering Inc. (EEI) is pleased to provide this proposal for Professional Land Surveying services to perform a boundary survey of the property located along Steamboat Drive in Anchorage, Alaska, legally described as Potter Creek Subdivision, Tract 3, per Plat 71-202. This proposal presents our understanding of the required scope of services and our fees for providing these services. Please inform us if your understanding is other than described herein.

SCOPE OF SERVICES

Boundary Survey

EEI will conduct a boundary survey of the subject parcel. The boundary survey will involve the recovery of existing property corner monumentation to physically and legally define the parcel's boundary. Our preliminary research has indicated that the two northern corners of the subject parcel are likely not monumented and will need to be installed as part of this survey. EEI surveyors will recover relevant and controlling monumentation from surrounding parcels in order to compute the location of the subject parcel's un-monumented property corners. In accordance with Alaska state statutes, when new monuments are set, record of monument forms must be filled out and recorded with the State of Alaska's Recorders Office. Additional staking or flagging of property lines may be performed as requested.

EXCLUSIONS/ASSUMPTIONS

As further clarification of our scope of services, we have listed exclusions and assumptions below:

1. The owner will pay all recording fees

COMPENSATION

We propose to provide basic included services as described within this proposal on a time and expense (T&E) basis at a 1-person crew rate of \$150.00 per hour.

<u>Survey Service (T&E)</u>	<u>Fee</u>
<u>Boundary Survey</u>	<u>2,100</u>
ESTIMATED SURVEY FEE (T&E):	\$ 2,100

A retainer for the half the sum of the estimated survey fee (\$1050.00) must be received prior to the commencement of any work. We will bill on a monthly basis, based on percentage complete of the various lump sum phases, and on expenditures to date for the T&E phases. Payment is expected within 60 days.

SCHEDULE

We will make every effort to meet your schedule after receiving a notice to proceed (NTP). Upon receipt of NTP we will commence the field work for the boundary survey, within 3 business days. We anticipate the field work will take 2 days. Once the fieldwork is complete we will begin creating the record of monument forms, and will record them within approximately 10 business days after completion of the field work.
